Then why did you come to Iga!?

Are you returning to Oumi?
What about Okuni?

What were you trying to do in Iga?
You said it earlier.
that you "wanted to investigate some things about Iga", so you would "pick her up while going for a walk."

If you don't go save her, who will!?
Do you plan to abandon a woman!?
Since we're cooperating
No I'm going to Oumi too
Whatever I'm going to Oumi you should go to Okuni
Even though I'm temporarily cooperating with you
So you're clamming up again.
We'll go
!
You're—

nh
A jail, huh.
This is ?

You have broken bones
Ow
Is that worry for me?
And you have a fever.
If you don't wish to die be docile.
Are you not scared?
Even if I die.
I'm not going to tell you anything no matter what you do.
We're still interrogating you. It'd be troublesome if you were to die on us.

You mean that your other half will come?
I have no doubts.
I know because we're twins
Not really?
Besides, I'll be saved sooner or later
And he's sensible dependable
has a lot of sex appeal and is popular with both women and animals
He doesn't fall asleep after me... and he doesn't wake up after me
He likes when it's tidy, he polishes my kanzashi for me and is a really capable younger brother
Besides..
Don't underestimate Baren.
He's strong and really sly He'll easily find this place
Okuni

Besides
He gets lonely quite easily.
We're two but we're one
There's someone sharing information with Iga.
About Kunitomo too
They are aware of our movements
We knew you were coming from the start
Hmm Well it will be useless even if he comes to save you

you really do seem to have a death wish
Get lost, outsider!
Getting involved in a fight between strangers
If you struggle uselessly you'll die
Because of that, you got more useless wounds, though
It's fine, I have never known how to hold back anyway
There are no windows
If I want to escape, I need to break through the door
I told you
That I hate those things the most
You have it pretty rough too
I wouldn't want to be judged for something like that
You became a target because you're not connected to the Iga by blood?

Don't make a face like that
It's not like I'm picking on you
Face?
You should hold your head high and laugh
It'll be easier to breathe that way.

Understood I'll be right there
Ouka
We're being called to an assembly
……?
……
Your beloved Oumi will be set on fire.
Can you still hold your head high and laugh?

Then Baren won't be coming
Oumi will be set on fire— huh
hup
ゴトッ
fuk
First I have to get out of this place..

Toubee
Bitch! Where'd you get in?

ガキン!
Ahth?
Why are you here?
It's not like I came here to save you
When I came here out of concern for Sakichi they were caught up in a weird fight

Yeah yeah So where's Sakiechan?
He headed for Oumi with Baren
since it seems Iga is about to set Oumi on fire, they went to stop it
Listen closely I have not forgiven you
I only came here to return a favor to Sakichi
Your shoulder is dislocated!!
If I didn't dislocate it I would be unable to get out of the ropes
You're not going?
I told the Kunitomo about it and left it to them.
I'm sure the brass will move
I see...
This woman
It sure is noisy outside
Yeah

We're taking this chance to run.
Yuuma is playing decoy and is causing chaos.
.....
But I'm surprised you managed to find me
Well, that's because
Kiheita .?

My current master is you two.
We had a ninja guide.
You showed the way!?
But you're Iga too!! Isn't that bad!?
!!
Idiot...
Head!
You're not wounded, Yuuma!?
I'm not
If there are few guards here it means we're not in the village
you are also unnjured, head?
yes
We're at the front of the fortress
This amount of guards we're not enough to stop me

Hey
I'll thank you for saving me.
But we'll go our separate ways now
Where are you going?
I have some minor business to take care of.

ハッ
ハッ
ハッ
ハッ
ハッ
Haah That I have to ride with another guy
We're in a hurry, aren't we?

What is it?
Oh.
Yeah yeah.
Be thankful to Toubee who brought this guy for us.
Right?
アゴン
Seems like the game of tag has started.
!!
Teh,
So they've noticed us.

I thought it was unusual that Tanba-san had not returned yet,
but it was because two mice had snuck in
Hoi

Fire in the hooole!
Oi can't we pull away from them!?
Don't be unreasonable! Not only is there a sea of trees in the way, but the ground is unstable as well!
The Iga must be letting the terrain fall to ruins on purpose.
Whup
Well, we're fighting on their home ground, it's only natural that we're at a disadvantage
Baren!? What are-
Stay balanced.
!
!!

Guh
Tch

Why, you...
I'LL KILL YOU!!!!
That guy's so simple!
Don't mess around!
Oi
up front~!

Geh!
Mamochi Tanba——!
Just when we were throwing them back by the belt. What a timing.
They're catching up from behind, too.
What're we gonna do?
Force our way through.

Eh?
Jump
Hah?
Wai
Bet on me.
He's coming
Now!

Ouch !
Damn ..!
That moron!

Sakichiiii!!
